

If the cap fits...

*your local heritage railway
needs you!*

We would like a few more

Guards

to help with the running of the preserved historic Waitara Branch Line

Men and women, 18 years plus, with a desire to be part of a successful, passionate team who keep the history of vintage rail travel alive for future generations to experience.

If you enjoy meeting people, and would like to help, we can provide you with training for this worthwhile activity.

Guards are the 'cabin crew' of a railway, looking after the safety and comfort of passengers.

Typical activities are -

- pre-trip preparation of the carriages
- welcoming passengers aboard
- giving a safety briefing and safety monitoring
- pointing out places of interest along the track
- answering questions
- keeping records
- clipping tickets

It's a very rewarding activity - you get to meet amazing people and help give them a great experience.
